# ***THE BEST!***

## **Roll Up Professional**

### **READY IN 30 SECONDS!**

The Roll Up Professional is the only display system that you can change the graphic in and still reuse the previous graphic later. This makes Roll Up Professional the world's most used and trusted display system. Imagine being able to change your message without having to purchase a new Bannerstand - this saves time and money. Since changing graphics is so easy, bring a couple of different graphics to your next show and test which one works better.

Images on Roll Up Professional can be changed at the simple touch of a button.

Roll Up Professional has a more exclusive design with countersunk screw heads.

# *AutoScroller*

## Rotating Bannerstand

### DELIVER A *MOVING* MESSAGE

Once it commands the eye of the passerby, the AutoScroller stands and delivers twice the content in the same space as a static stand - for a surprisingly low price. The AutoScroller runs off of a standard 120 v. plug and can be put together by anyone in a matter of seconds. Because the motor is actually inside the graphic you can change out the Graphic anytime, anyplace, anywhere.

Motor inside Bar lasts for days.

Can Rotate Either Direction -  
up or down, it's up to you!

Comes with Carry Case, all set up materials and power supply.

# *Classic* Low Cost Bannerstand

The Classic is the original Bannerstand. Tested and true the Classic is a great way to get your message out at a minimal cost. All-metal construction with re-enforced side plates the Classic is the next generation in economy banner stands.

Our optional light adds a sleek look that illuminates your image.

The Classic is lightweight, comes with a travel bag and is easy to setup. This makes for a great intro Bannerstand!

# Banner Pole System

Pole System is the perfect system when you need an elevated message. Ideal for when you want exposure in the middle of a store or trade show and need to see what is happening behind the system. Pole System lets you create exciting solutions, also in combination with other systems. The panel dimensions are flexible both in height and width and the display can even be double-sided. Pole System goes together with a simple unfold, extend and snap - it couldn't be easier!

The support legs fold and unfold at the click of a button.

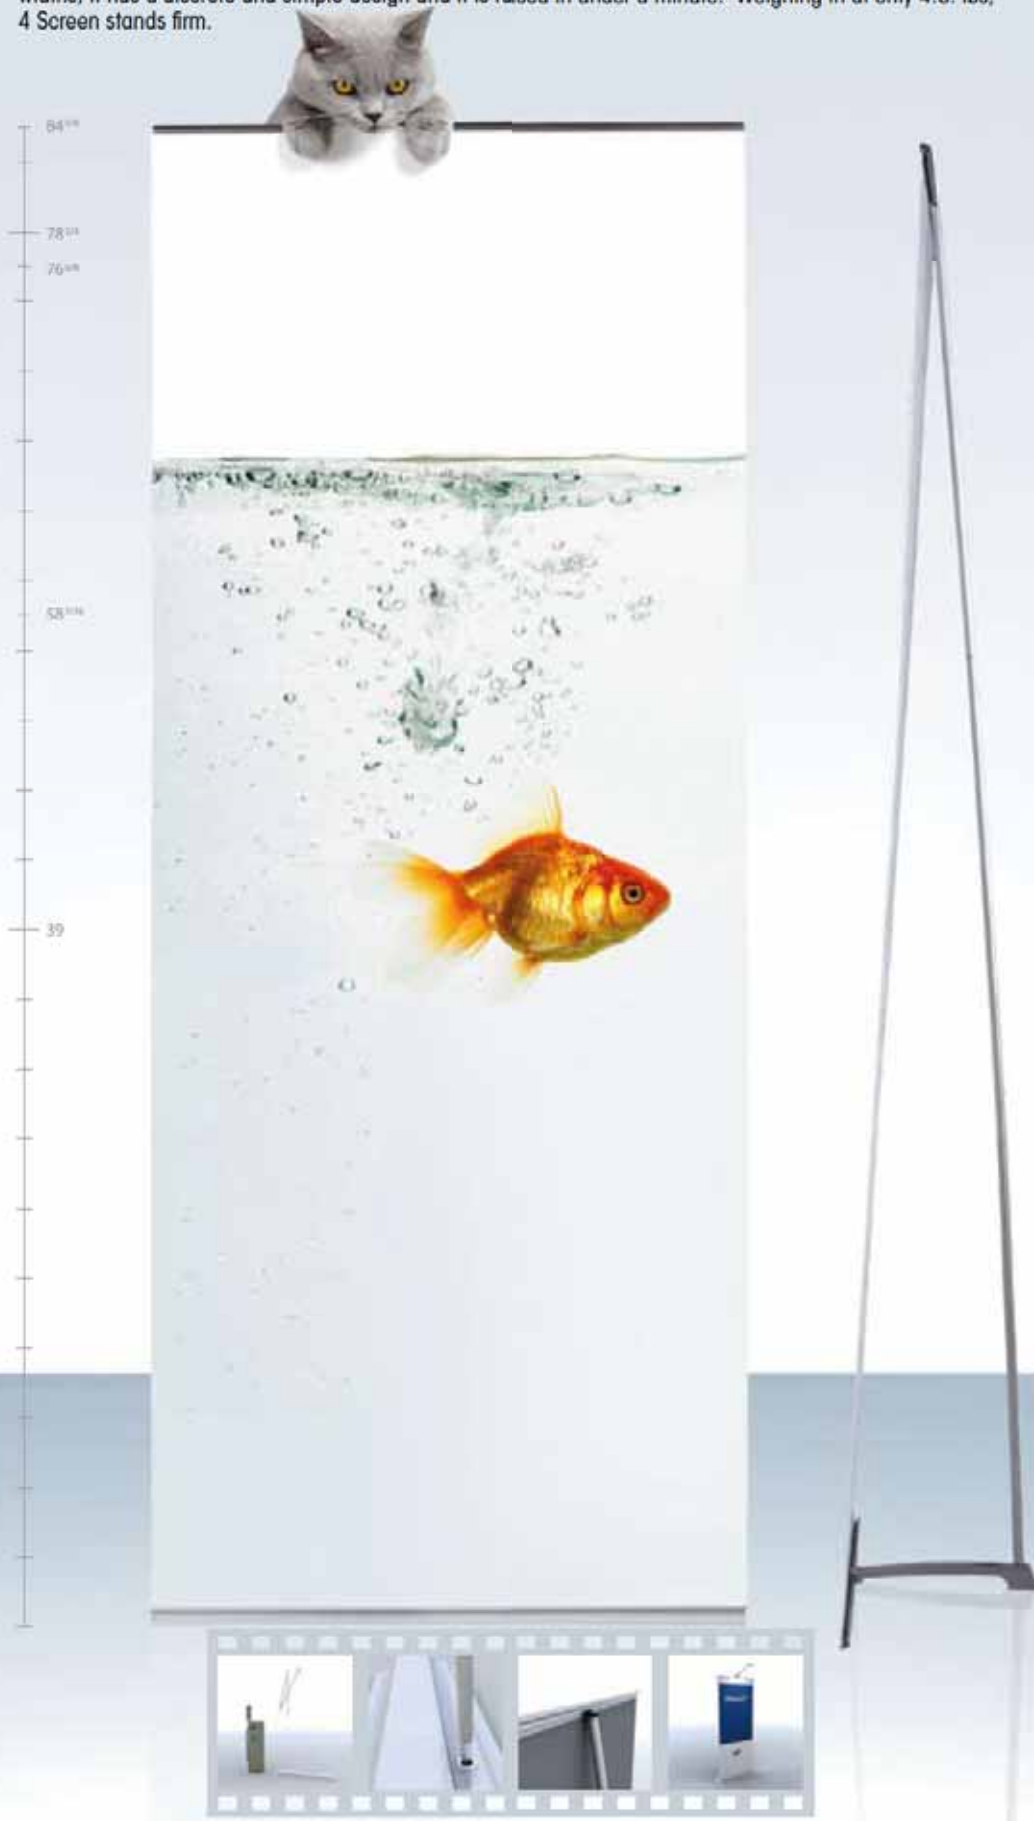

The bottom spring fastener keeps the image stretched. A perfect result everytime!

Simple and smart way to secure the image.

# 4 Screen

4 Screen is a cost-effective way of raising your message in large scale. Perfect for events and large campaigns where everything from price to the time it takes to get the message up is important. Available in six widths, it has a discrete and simple design and it is raised in under a minute! Weighing in at only 4.5 lbs, 4 Screen stands firm.

# Brochure Stand

The brochure stand folds and unfolds like an accordion.

Designed to be both sleek and stable.

## THE PERFECT WAY TO EXPOSE AND TRANSPORT BROCHURES

Brochure Stand is the perfect complement to your event environment and a practical way to transport your printed material. Its stable and sleek construction is designed to give rapid maximum exposure. Available in a hard or soft bag.
